EASY GREEN 简·绿®
Just For Good Food

OUR MISSION

According to relevant researches, people around the world are changing their way to eat, such as eating more various of food, in more places, and in more ways than before. And all we mentioned above is actually bringing us a great numbers of challenges and chances.

Under this circumstances, Easy Green, named after the goal that we go green in an easy way, was created in 2009 as an eco-friendly packaging company and quickly earned reputation in international market. We aim to offer proper package for 252(love what I love) kinds of different foods. Not only do we want to make food look great, but also we want to keep it safe and sustainable too.

Today, we adhere to the reusable, recyclable, sustainable and low-carbon development route, while involving consumers in better use of safe, environmentally and friendly packaging, at the same time, making environment become better. It's our honor to work with all customers and users together to protect mankind's only "global village". Let's make it from now on!

Just For Good Food
